It is now time for some of the calamity wallers to "explain" how it occurred that the exports of the United States in 1897 were larger than in any year in the history of the country. These are the folks who have been insisting that the Dingley law would cut off our foreign market.

The freetraders are doubtless preparing to scream exultingly over the Treasury deficit which will doubtless appear in the January statement. The January earnings will probably be considerably in excess of those of December under the present law, showing a steady increase in its earnings, but owing to the heavy interest payments and other unusual demands upon the Treasury, which always occur at the beginning of the year, it is probable that the receipts will be more than balanced by these extra expenses. Nevertheless, freetraders are preparing to make capital out of the situation.

A new breed of prophets has arisen from the ranks of Democracy, which bids fair to outclass the old competitors. Our Uncle Richard Bland foretells sweeping Democratic victories next fall in the Congressional elections. But he is a little too optimistic in his predictions for the present year. The Honorable Mark comes to the front and announces that the Democrats will capture Congress next fall, but that did not go so well in 1896 by at least 5,000 Republican majority. This is pretty good stuff, but it takes Texas Statesmen to do things up artistically. One of the Lone Star's Congressmen grows enthusiastic in the statement that "the next House of Representatives will consist wholly of Democrats." That is the kind of a prophet to have.

**Sweetest of the Sweet.**  
Frank and hung up in the Agricultural Bank of Paris, Ky., is a check which was made payable to "Sweetest of the Sweet," and so endorsed.

President McClure of the bank tells the story of the check as follows: "One of our depositors gave his wife a check for \$10, the check being regularly filled out and duly signed, except that it was made payable to 'Sweetest of the Sweet.' When the lady presented the check for payment, I innocently inquired: "Who is this 'Sweetest of the Sweet'?" "That's me," she replied. "I didn't know it," I said, "you must indicate just what you mean, to the 'Sweetest of the Sweet.' So she took the pen and wrote the words 'Sweetest of the Sweet,' and I paid the money."—Chicago Chronicle.

**Moving the Lights.**  
The great naphtha torches, with their flaring flame, seen in the street where men are at work at night, always attract attention. They are most striking, however, when seen moving. In laying asphalt pavement, as laid after load of asphalt for the first layer is dumped to be spread upon the roadway, the naphtha torches are moved along to light the work. They are carried on wheelbarrows. It may be that a lighted torch is brought up in this manner from a distance of half a block. It is not the greatest spectacle in the world, but it is certainly a curious and interesting sight to see a man wheeling one of these torches along the sidewalk, with another man walking beside the barrow and holding the pipe to steady it, while all the time the two foot flame is flaring out at right angles with the pipe from under its hood above.—New York Sun.

**The Prayer Fitted.**  
At a church in Lenox last summer the pulpit was supplied by an assistant clergyman. One Sunday in the course of his sermon this minister told how a man had amassed a large amount of money simply by prayer, going on to give the incidents of the case. A titter ran through the congregation when the minister, after dwelling on the fact that prayer alone had brought about this man's fortune, placed his hands together and, looking upward in a very prayerful attitude, said, "Lord, teach us how to pray!"—Troy Times.

**An Expert Opinion.**  
Tomtom—That was a funny experience of Dr. Pillsbury. When Jingo's safe got out of order, he called the doctor in to examine it.  
Buzfuzz—What did Pillsbury say?  
Tomtom—Why, he said its system was all run down and that it needed change.—New York World.

One thing ought to be aimed at by all men—that the interests of each, individually and collectively, should be the same, for if each should grasp at his individual interest all human society would be dissolved.—Cicero.

The fisheries of the United Kingdom are worth \$23,500,000; those of England alone, \$21,350,000.

## BUFORD.

Jan. 23rd, 1898.

By mistake we said the installation of the Buford I. O. O. F. lodge would take place on the 30th; we should have said January 29th. The installation will be public.

Mr. Edward Turner of this place and Miss Emma Druhot of Sardinia were married January 21st, at the residence of the bride's parents. Here's luck to them.

Mr Clayton Rhodes is on the sick list. Mr. Isaac Reedy has a severe attack of diabetes. He is very poorly at this writing.

Regular sporting nights for the Boxing Club is Tuesday and Friday nights. All invited.

Chas. Rossetot has a public sale Jan. 27th. He is going to remove to Hollowtown where he will engage in the Grocery business.

William Kier has a patent on buttons and one on a watergate and desires some one to help him in the business. He offers one half proceeds.

Measles are still raging. The creek at this place was the highest known for years, last Saturday night.

Otis Weits was calling on his best girl near New Corwin, Sunday Night. It seems as though he won't go much longer.

## BELL.

January 24, 1898.

Protracted meeting is announced to commence the 26th, at the Presbyterian Church.

Mrs. Victor Tannehill, who has been quite poorly, is slowly convalescing.

Ella Calvert, who has been on an extended visit in Indiana, returned home yesterday.

Mrs. Belle Nace and children, formerly of Kansas, passed through here yesterday on their way to Mayhill to visit her sister, Mrs. Alva Lawson.

Rev. Oscar Collins commences a series of meetings at Folsom tonight.

For many days and sister, Mary, of Folsom, visited their sister, Mrs. A. R. Collins, in the latter part of the week. The rainy rains have caused a good deal of trouble along the creek.

It is thought by many of our best citizens that our County Commissioners should put a stop to the heavy tolls over our free-turnpikes as the heavy rains have so thoroughly soaked the ground that the pike is broken through already in some places. If not stopped soon it will be almost impossible, and will cause a heavy tax to repair.

Harry Satterfield, who has been having a severe attack of typhoid pneumonia, is slowly convalescing.

The protracted meeting is announced to commence at the M. E. Church, February 6.

Mrs. Wm. Taylor, of Lynchburg, is visiting her husband at this place.

The community was shocked to hear of the death of Rev. G. T. Perry, former pastor of this place. Mr. Perry has the sympathy of the entire community in her sad hours of lonely bereavement.

## DON'T GUM IT.

**Don't Suffer With the Toothache. Don't Make Yourself Hideous by Retaining Those Old Snags.**

**Promote Your Health and Happiness. Enjoy a Clean Mouth and Pure Breath.**

Sooner or later you will be compelled to relinquish those decayed teeth, which are now a source of offence to your friends and agony to yourself. The sooner you determine to have it done and over with, the better for you. And when you do conclude to have new teeth made, remember that those splendid teeth, unexcelled for beauty, fit and quality, upon which Dr. Walter S. Rudi silt gained a wide and enviable reputation, have now been reduced by him from \$15 to \$10 per set, without any deterioration in their standard of merit. This is an opportunity you cannot afford to miss—a combination of the higher features of excellence, and a financial consideration which places them easily within the reach of all. Call and see for yourself. It costs you nothing to investigate.

Dr. Rudisill extracts teeth at 25 cents each.

Once when General Sherman had been under the care of a physician for some time, he said:

"Doctor, I don't seem to be getting any better for all your medicine."

"Well, General," replied the doctor, jocosely, "perhaps you had better take Shakespeare's advice, and 'throw physic to the dogs'."

"I would, doctor," replied the sick man, as he turned his head on the pillow—"I would, but there are a number of valuable dogs in this neighborhood."

Maria—Joe isn't as bashful as he used to be, is he?  
Mae—No, I think not; anyway, he asked me, last night, when I was going to put up the mistletoe.

## In What Does Woman's Beauty Consist Which So Powerfully Attracts Men?

**It is Not the Pretty Face Which Charms, but the Bright Eyes, Glowing Cheeks, Vigorous Vitality and Exuberant Spirits. This Hint to Wise Women is Sufficient.**

Beauty lies less in the features than in the condition and expression of the face. The Creator has endowed every woman with beauty, and every woman in good health, who is of a cheerful nature, is beautiful and comely to look upon. A clear, fresh, wholesome look is the result of the possession of good health, and no woman can be beautiful and attractive without good health. The dull, dead, gnawing pain, the sense of nervousness, weakness, oppression and discouragement, the tired, listless, languid feeling, the shooting pains, the aching head, the pain in the back, all these are symptoms of a disordered system, and all these are beauty killers, producers of dull, leaden complexions, unnatural flushings, dark circles under the eyes, black heads, lustreless eyes and other disfigurements which drive women of their natural gift of beauty. Why be home-sick when you can be beautiful and attractive? Get good health and with those looks and attributes which attract, please and fascinate. It is within your power to do so, for it is within every woman's power to be well and strong, and hence look her best, if she will use Dr. Greene's Nervura to give her strong, vigorous nerves, pure, rich blood, a clear complexion, and thus restore the energies and vitality of sound and perfect health.

Read what Dr. Greene's Nervura does for others. It will do the same for you. Mrs. Mary Francis Lytle, of 2 Hunter Alley Rochester, N. Y., says: "I was very pale and delicate—had no color. I took Dr. Greene's Nervura blood and nerve remedy, and now I am well and strong, my face is plump and cheeks red, and my complexion pure."

Mrs. William Bartels, 239 East 87th Street, New York City, says: "Dr. Greene's Nervura made a wonderful improvement in my health, and that dark sallow look left my face. My friends hardly knew me. I have gained in flesh and am like a different person." Mrs. C. S. Allen, of 128 Pearl St., Portland, Me., says: "There was hardly any more color in my face and hands than in chalk. Dr. Greene's Nervura made me well, and restored my natural color and complexion." Mrs. Elizabeth Brown, of 235 Hartwell's Avenue, Providence, R. I., says: "My face broke out with pimples, and I was almost giving up in despair when I got Dr. Greene's Nervura. Now I am well and strong, thanks to this wonderful remedy."

Mrs. S. R. Barry, of Lebanon, N. H., writes: "Dr. Greene's Nervura has done wonders for me. I am strong again, and have got back my former looks and good color. A doctor met me a few days ago and said that I was doing wonderfully, that my eyes were bright, and that I looked well." These are only a few of the thousands upon thousands of women who owe their present health and strength, and consequently their beauty, vivacity and enjoyment of life to the timely use of Dr. Greene's Nervura, which is purely vegetable and perfectly harmless, and it the reader is wise, she will not hesitate or delay using this really wonderful remedy, this great natural boon to woman-kind.

If desired, Dr. Greene, 148 State St., Chicago, Ill., the most successful specialist in curing nervous and chronic diseases, can be consulted absolutely free of charge, personally or by letter.
